حفظه الله

الحمد لله، وبعد:

فيعد مضي عام على الغزوة المعروفة بـ (غزوة سبتمبر)، أحببت أن أذكر بعض آيات
للرحمن - جل جلاله - تجلت وظهرت فيها، وفي ذلك عزة وعظمة لمن كان له قلب أو ألقى
السمع وهو شهيد، ولست أعني هنا الحديث عن مشروعية العملية من عندها؛ فإن هذه
السألة قتلت بحثاً، والعملية مضت وانتهت، ولكني أريد أن أذكر لمآزها ونتائجها، وما
سأذكره لا يخالف فيه أحد من المصنفين.

* * *

الآية الأولى: قوله تعالى (كم من فئة قليلة غلبت فئة كثيرة
بإذن الله):

فالغزوة قادها تسعة عشر مجاهداً فقط، وأسلحتهم ببضاء (سكاكين ومقصات!)،
ومع ذلك دكوا عروش الكفر الاقتصادية والعسكرية. وفي (أمريكا) التي تسمى (القوة
العظمى الأولى) والمهيمنة على (النظام العالمي الجديد) وإن في هذا الآية عظيمة!

وقد حصل حوار طريف بين أخوين في هذه السألة أنقله بالعمى:

قال أحدهما: وأني نصر في ضرب دولة بطائرات مدنية لم تعد للحروب أصلاً؟!

فقال الآخر: وكيف حرب أمريكا للمسلمين في أفغانستان والعراق وغيرها؟.

الأول: ماذا تعني؟.

The Signs of Ar-Rahman in “The Raid of September”

Written by His Eminence Shaykh Nasr bin Hamad Al-Fahd

May Allah bless him

All praise is due to Allah, and after:

A year after the well-known conquest (the Raid of September), I wanted to mention some of the verses of Ar-Rahman (The Most Merciful) - may He be Glorified and Exalted - that were manifested and appeared, and **"in that is a reminder for whoever has a heart or who listens while he is present [in mind]." (Qaf 37)**. And I don't mean to talk here about whether this operation was legally justified or not, as this matter has already been done away with and is a matter of the past. Still, I want to mention its fruits and results, with which none of the fair-minded can disagree.

* * *

The First Sign: The Almighty's saying: “How many a small company has overcome a large company by permission of Allah”(al-Baqarah 249):

The raid was led by only nineteen mujahidin, armed with melee weapons (knives and scissors!), and they have demolished the economic and military thrones of *kufr*(disbelief). And it happened in America, which is named the supreme, great superpower, and the forerunner of the new world order! And in this is a great sign!

A funny dialogue took place between two brothers on this issue, which I will convey with meaning:

One of them said: What victory is there in striking a country with a civil aircraft that did not prepare for war in the first place!?

The other said: How about America's war against the Muslims in Afghanistan, Iraq, and elsewhere?

First: What do you mean by this?

The second: Is America's war on Muslims everywhere not like this? Are the elders, women, and children in Iraq, Afghanistan, Sudan, and others targeted with their missiles and planes not among those called 'civilians' and 'innocents'?! The whole case is a war from the air, planes in planes.

First: But they are warplanes/military aircraft, and those others are civilian aircraft.

The Second: Does the plane, if its name is F-15 or Panavia Tornado, have the right to kill those 'civilians,' and if its name is Boeing or Airbus, it does not have the right to do so!?

The war is on one of two sides:

As for the military confrontation (face to face), the Americans are the most cowardly of Allah's creation with the testimony of everyone. They seek to be kept away from

confrontation, and ‘Anaconda’(type of military plane) is the best witness to that!

They want it to be a war of planes, for it is all struck from above; This strike is like this, yet the previous was much darker!

The conversation ended briefly

Another may say: What victory did this strike achieve?!

The answer is: If victory were not achieved except to turn their history, their balances, their strategic and military studies, and their international system upside down, it would have sufficed as enough! The invasion constituted a significant historical turning point, which reshaped many ideas and studies. Specialists in international relations and systems divide the formation of the modern global system into stages:

The phase (1648-1914 AD), which is the phase of the Treaty of Westphalia and its aftermath, ended the wars and conflicts in Europe. It was the nucleus of establishing modern international relations.

And the stage of (1914-1945 AD) is the stage of significant global conflicts and wars.

And the stage of (1945-1990 AD) is the stage of the formation of nations, the domination of The Soviets and Americans over the world, the Cold War between them, and the arms race.

The (post-1990) period is a stage that begins with the fall of the Soviet Union, the collapse

of communist regimes, and the end of the Cold War, and America's monopoly in control and influence, and the beginning of the so-called new world order.

At this stage, some of America's leading thinkers thought that it was the end of conflicts and significant political fluctuations and the victory of Western Capitalism and that - here - history stopped to praise their success and final victory.

Final and last:

And the steering rod was thrown, as a traveler, returning to a cool spring.
settling it in its proper place

Fukuyama authored his book “The End of History,” in which he imagined that the world had reached the end of history, as the human mind cannot - as he claims - come up with a better system than the capitalist system because the alternative - the communist - which was hoped to achieve human happiness has failed after two applications. Seventy-two years later, the capitalist system has become the inevitable destiny of humanity, under which it will live forever.

And one of its thinkers said, “The American foreign policy in the past fifty years has been formed in response to the threat posed by the opponents of this country, and every year since ‘Pearl Harbor’ America has been engaged either in war or in confrontation, and now - for the first time after the - ‘New World Order’ in half a century, the United States has had the opportunity to reformulate its foreign policy free from constraints and pressures of the Cold War.”

And because it has this opportunity - as he says - its evil has increased, its danger has worsened, and its matter has become overwhelming, so it has wreaked havoc on the Earth, killing whomever it wants, besieging whomever it wants, and striking whomever it wants as if Muslims are a group of insects that have no value for their blood or their dignity!

Nineteen young Mujahidin came to them from a group that fought in all countries of the world, which has tightly controlled the affairs, and disappointed them, overturned their systems and policies, changed their studies, and exposed faults of “their capitalism,” “their globalization,” “their democracies,” and “their human rights,” and “their legend: The CIA.” And the Mujahidin made American thinkers who called their period “The End of History” rethink because it is, in fact, “The Beginning of the End” for them by Allah’s Power and Strength!

For the first time in modern history, Muslims are active event makers, not passive and not influenced by them!

The Greatness of this Event Appears from Five Aspects:

The first aspect: It brought Islam back to the fore in wars with the infidels, after nationalities, patriotism, and other interests were the engine of wars and conflicts, thus removing the Crusader hostility from latency to appearance and from strength to action.

The second aspect: It highlighted the significant role of Jihad in upsetting the global scales.

And the third aspect: It undermined the idea of ‘National States’ controlling ‘politics’ and

declaring ‘peace’ and ‘war’ so that the management of this conflict is solely in the hands of those who do not have a specific national affiliation. Instead, they are spread - as the Americans say - in more than sixty countries. One of them is from Kinana, the second is from the Gulf, the third is from the Levant, and the fourth is from the Hijaz. Only Salafi-Jihad Islam or what they call “*Wahabbi!*”

And the fourth aspect: It ended the era in which America punishes any Muslim it wants without any return. All punishment will be reciprocated, Allah willing.

And the fifth aspect: It is the beginning of the fall of the idea of ‘The New World Order,’ which Americans have not been happy with except for a few years, and it is the beginning of the total fall of America, Allah willing.

* * *

The Second Sign: The Almighty’s saying: “And they thought their strongholds would put them out of Allah’s reach. But ‘the decree of’ Allah came upon them from where they never expected. And He cast horror into their hearts” (al-Hashr 2):

This is one of the great signs of Allah in which the credibility occurred and is found in the events in September.

The three parts of this verse:

First: “and they thought their fortresses prevented them from Allah” the one who looks at the state of America will see that it has secured itself from invasion geographically and militarily. The oceans that surround it on two sides isolate it from the rest of the world that it strikes whenever it wants, and there is no danger to it from its neighbors.

Its intercontinental missiles, its nuclear and military power, its aircraft carriers that roam the seas, its projects in ‘Star Wars’ through which it wants to neutralize hostile nuclear forces, and other things, all of them are weapons with which it is confident that nobody would dare to oppose it in its decisions and commands.

And media myths were woven about the ability of their intelligence, their satellites, their ability to gather information, and their expertise in espionage and eavesdropping!! So with their military strengths, they thought that no country would dare! They felt with their intellectual power that they had surrounded the terrorist groups so much that they would not be able to make a move without them (the intelligence) knowing!

Second: “So Allah came to them from where they did not expect” And with this vanity, hubris, arrogance, pride, and haughtiness, Allah Almighty came to them from where they did not expect, and struck them in less than two hours, destroying what their ‘legends’ had woven over fifty years, and forced their noses in the dirt through this raid. Her missiles, aircraft carriers, and nuclear forces could not deter it.

And who did this blow come from!?

Her greatest enemy she mobilized against in war, intelligence, satellites, and traitors from

their followers! It was as if the people of that raid were looking through the windows of those planes - while they raided the strongholds of America - and chanting, “Piss on your nuclear power, your satellites, and the CIA, you bastards!!

Third: “And he cast terror into their hearts” With these blows, terror struck their hearts, and this became apparent to everyone who saw the faces of the Americans during the events, and on top of them was the most prominent *Taghut* Bush, who remained for hours moving from one hideout to another, and he almost hit the record in the speed of hiding if he was not beaten in competition by his deputy Cheney!!

* * *

The Third Sign: The Almighty’s saying, “And you threw not, [O Muḥammad] when you threw, but it was Allah who threw” (al-Anfal 17):

The one who looks at the effects of those direct and indirect strikes knows that behind them is a power that is beyond human ability. The believer is confident with it in His Almighty saying, “**And you did not throw when you threw, but Allah threw.**” However, the direct effects of the American economy were more significant than what the mind can imagine, and if you know that those skyscrapers are designed - as the engineers say - to resist the collision of planes (Boeing 707). This matter became clear to you, so how could another group of skyscrapers “sympathize” with “the mother skyscrapers” and fall alongside her!

And look at this map that shows you the direct effects of it:

However, what we mean here is in the indirect effects of this raid; It is what we still draw from today, and these effects are the following:

1) What happened to America's economy in terms of deterioration and stagnation, the successive declines of many significant companies until this time, the decline of the price of the US dollar, the decrease of investments from abroad, and so on, which heralds the demise of this state soon, Allah willing, because she (America) is reliant on her economy.

2) Many disbelievers embraced Islam; in fact, the number of those who entered it multiplied four times after this expedition, as stated by their media, until the number of converts to Islam in America reached more than thirty-four thousand, according to a statement made by CNN. And many of the disbelievers of Africa converted to Islam, as some of the preachers there told me.

3) The spread of knowledge of the Islamic religion in all parts of the world, to the extent that more than sixteen thousand public libraries in America alone were provided with many books on Islam and Muslims. The British Foreign Office has allocated courses for its workers to introduce them to the religion of Islam, and copies of the translation of the Qur'an from Britain and France have run out. There is a weekly time in some Scandinavian countries to introduce Islam, and the turnout for Islamic Centers has increased in Japan and East Asian Countries.

This is in addition to reviving the spirit of *al-walaa w-al-baraa* (loyalty and disavowal for the sake of Allah) in the hearts of the Muslims. It has also made aware to them the realities

of the disbelievers' hostility and enmity towards them. This raid highlighted the latent hostility in the Crusaders' hearts, alerting those who were heedless or oblivious from among the Muslims! And it has revived the spirit of Jihad in the path of Allah, and there are many more effects like these, but this is a reference to some of them.

* * *

The Fourth Sign: The Almighty's saying, "And of the people is he who sells himself, seeking means to the approval of Allah"(al-Baqarah 207):

Since ancient times, the Arabs have sung about the loyalty of as-Samaw'al, so she said in the likes of it (more faithful than as - Samaw'al):

One of their poets said:

Since when I have sought to greet you and to be loyal as as-Samaw'al is loyal

Another said:

Sinmar rewarded me for my passion (characteristic of) Yemen was the loyalty to
as-Samaw'al

as-Samaw'al sacrificed his son to preserve what was entrusted to him! Most of it is in Ain
al-Arab.

By Allah, it is fulfillment! But it diminishes until it almost vanishes if you pair it with loyalty (Mullah Mohammad Omar). May Allah protect him, guide him and help him! And where does the fulfillment of Samwal reach him? But he is one son! And what is he worth before sacrificing the Sultan, the King, his family, the country, security, and all he owns!

In this era of betrayals and hypocrisy, there is the unique example of (Mullah Omar) brings us to the time of the *Sahaba*(Companions of the Prophet Muhammad, peace be upon him) and those notables. And his tongue says:

I wish you were sweet, but life is bitter Your desires are fulfilled, and I sleep angry

I wish the one between you and me is Omar And between me and the world is ruin

If you are friendly, then everything is easy And all that is above the dirt is upon dirt

This rare loyalty, and extraordinary steadfastness, came at a time when many of the *Tawaghit*(Tyrants, Satan, etc.) approached the greatest *Taghut*(Tyrant) by hunting down those who were suspected of only greeting a “terrorist!” And they wished that the fax would send men as it does papers immediately to the greatest *Taghut* without delay. We consider Mullah Omar - and Allah is his Judge - among those who believe in the words of Allah Almighty: **“and among those are those who sell themselves seeking Allah’s pleasure.”**

* * *

The Fifth Sign: The saying of the Messenger, may Allah bless him and grant him peace, “I have been made victorious with terror(cast in the hearts of the enemy).” [Bukhari 2977]:

This is what we called the greatest country in the world that mobilizes seven thousand warplanes in its skies for fear of the inhabitants of the caves of Afghanistan, and it places the ‘Patriot’ and ‘Stinger’ around its interests throughout the day and declares emergency for fear of terrorist attacks! More than once and more than a quarter of its population suffered from mental illnesses after the raid. And the global leader of hiding ‘Cheney’ does not come out of hiding except to enter a second safe house, and the series of terror has no end. All of this is fruits of righteousness to Allah Almighty in the oath of the Shaykh of the Mujahidin Abu Abdullah, may Allah grant him victory - that the Americans will not enjoy security; And verily whoever from among the servants of Allah should make an oath upon Allah then he is responsible to fulfill it!

* * *

The Sixth Sign: The saying of the Messenger, may Allah bless him and grant him peace, “And know that if the nation were to gather to harm you with anything, they would not harm you except with what Allah had already prescribed against you.” [Hadith 19, 40 Hadith an-Nawawi]:

Who would argue about the reality of this sign?

The mujahid Shaykh Abu Abdullah Osama bin Laden, may Allah preserve him and support him, everyone has gathered against him from the nations and countries, differing in their religions and colors, from the crusaders and the Jews, and the Hindus, the Buddhists, the hypocrites and traitors, and other than them, in the east and the west of the lands, with all that their hands could reach. Their scientific research in weaponry, aircraft, satellites, espionage and surveillance devices has made sure to spread his picture across the world as quickly as a wildfire. So he became known in the far and the near lands, to the young and the old, the Muslim and the disbeliever, the man, and the woman, and despite all of this, they weren't capable of tracing him, nor could they stop him. And they haven't ceased to report on him in the news, yet they know under which sky he is?! We ask Allah, Glory be to Him, to protect him from them, to support him against them, and to make our eyes witness the defeat of America and her allies.

And there are more signs, which I will mention in another article if Allah wills.

And may the *salah* and *salam* [of Allah] be upon our Prophet Muhammad.

All praise belongs to Allah, the Lord of creation. May
the *salah* and *salam* [of Allah] be upon our prophet
Muhammad, his family, and his companions *ajma'in*.
